

Registering for Professional Development Classes York School District 1

Registering for a PD class on the York School District 1 website is quick and easy, and ensures you have a seat in the class, as well as helping ensure your attendance is documented.

To register, click the Sign In link at the bottom of the District website.

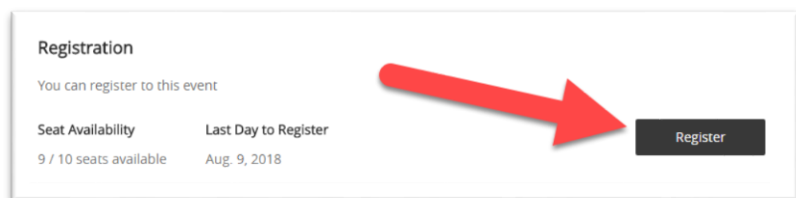

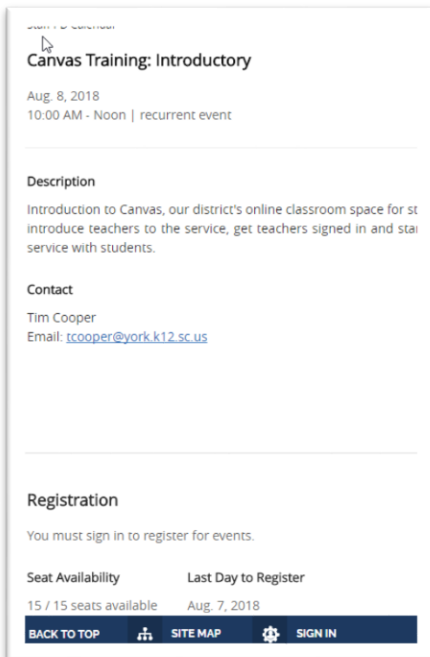

Sign in using the first part of your District email

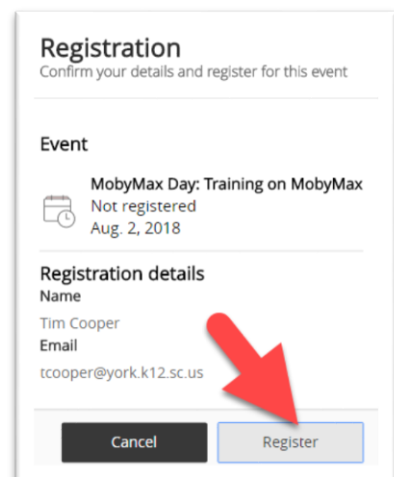

along with your email password (ie. username: tcooper). Accept the Terms of Use for the website.

Next, navigate back to the PD Calendar page at www.york.k12.sc.us/pdcalendar, or under Departments > Instruction > Professional Development > PD Calendar.

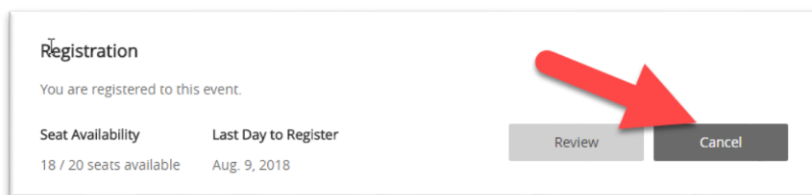

Click on the session title you wish to attend. Scroll to the bottom and click on the Register button.

Confirm the registration event details and click Register on the window that pops up.

If you need to cancel your registration because you will be unable to attend, go back to the event and click the Cancel button, then Cancel again to drop the class.

Contact Tim Cooper with questions.
