

To Think Deeply about Characters...

Expect characters to be complicated and show more than one trait.

Revise your thinking in the face of new evidence.

Look at a character's less likeable sides.

determined
smart
clever

Sarcastic
manipulative
ruthless
cruel

Know that some traits matter more than others because they affect the rest of the story.

Consider the pressures exerted on characters.

Reflect on the characters and the story again, after you read the ending.
